

K-LOVE is an expemplary, healthy(no smut as on most radio stations),wholesome and true example to young children through adults for everyday learning (by listening!) of how to have a positive attitude and treat others with respect and glorify our Lord through our actions. As a resident of Canyon, I am unable sometimes to get a clear reception of some of the K-LOVE stations. Without my daily broadcasts of Christian music, I do not feel I am as well equiped to handle the daily tasks without the wonderful uplift I get emotionally by starting my day with Christian songs, praise of self worth, and NO foul or dirty mouthed DJ's & songs. I believe our community would be as in the same back-sliding as when prayers were taken away from the schools! Our kids are in danger of having less self-esteem without the proper public interest of good clean music.
